

CEC Digital Consortia Update (February 2022)

“What do we need as an authority to make our city-wide curriculum offer accessible to all learners, no matter which school they attend?”

Current offer

- S4/S5/S6 Curriculum in base school
- Schools and College Partnership
- Face-to-face consortia
- Digital Consortia
- SCQF (Scottish Credit Qualifications Framework)
 - Level 6 includes Higher
 - Level 7 includes Advanced Higher

Consortia: Why go digital?

No travel time
required for
learners (impact
on other subjects)

Flexibility in timetabling: Not
restricted to a 'travel' column
on Tues/Thurs – opportunities
for live and pre-recorded
content (synchronous and
asynchronous)

No travel costs
(£5865 last session
including £3198
for taxis)

No physical barriers:
opportunities to access the
widest possible offer from CEC
schools (not simply Adv H, H, N5,
but other SCQF courses)

Utilising the
Empowered
Learning 1:1
Strategy

National e-Learning Offer

LIVE

lessons are being organised and delivered through eSgoil

RECORDED

learning video sessions which are being made available via West OS.

SUPPORTED

content material created by practitioners searchable via an online blog.

How will it look?

Pupils access courses online (created by CEC teachers and stored on Teams, or from the national resource of LIVE content (e-sgoil) or RECORDED content (WestOS))

A designated teacher from a CEC school would meet pupils on Teams once per week (after school) for '1 period' for a live tutorial/lesson

Schools – Key Messages

- 2500 video lessons (and growing every day)
- Free of Charge
- Contributing factor to raising attainment
- Recovery and catch-up
- Promoting collaboration and consistent approaches to L&T across LAs and RICs
- Embedding digital practices into pedagogy and increasing practitioner confidence
- Provides a consistent model of delivery
- Equitable access to resources and support

Parents/Pupils – Key Messages

- Free of Charge
- 24/7 availability of support - (whenever, wherever)
- Reassurance around quality of resources - (3 step QA process)
- Ease of use/accessibility - (appears as a library within ClickView)

Digital Consortia Group

Where are we now?

Responses from schools about face-to-face and digital consortia 2020-21 (AH Geog and N5/H Computing digital)

Survey to schools/teachers to gather interest in digital delivery (teacher name, subject, level) – returns in December showed 27 teachers are interested in delivering via digital consortia

Informing pathway choices across the city (include in options for all) – Feb

What do we need to do next?

Finalise 'Roles and Responsibilities' document
